Events - Tablet and Phone View

A 4x4 grid of squares, each divided into four triangles by diagonals. A 2x2 subgrid of squares is highlighted in light gray, located in the top-left corner of the grid. The grid is composed of 16 squares in total, arranged in 4 rows and 4 columns. The highlighted squares are at positions (1,1), (1,2), (2,1), and (2,2) if we index from the top-left. Each square is divided into four triangles by two diagonals. The triangles are colored in a repeating pattern: the top and bottom triangles are light gray, and the left and right triangles are white. This pattern is consistent across all squares in the grid, including the highlighted ones.
